

# You Can Make a Butterfly too!

1. Cut out the butterfly outline to make a pattern.
2. Use the pattern to draw the butterfly shape onto a sturdy piece of paper.
3. Make it unique (like you!) by coloring or painting it with your favorite colors and patterns.
4. Carefully cut out your butterfly.
5. Fold your butterfly's wings upward.
6. Glue your butterfly's body to a clothespin.
7. Clip your butterfly to your clothing with the clothespin.
